Unity Absent in Unification

5 School Districts Fail to Agree

There is anything but unity in school unification in North San Mateo county.

Five North County school boards will meet with the San Mateo County Committee on School Reorganization next Wednesday at 7 p.m. in the Westmoor High school library with the boards no closer to agreement on a unification plan than they were 90 days ago.

Under a state master plan law passed in 1959, the committee must submit a unification plan to the Department of Education by September of this year.

The county committee had given the five boards until Wednesday to come up with an alternate proposal to its plan of unifying them into one district, encompassing the area covered by the Jefferson Union High School district.

The committee met in augmented session three times with the Jefferson High School board and the elementary boards of Jefferson, Laguna Salada, Bayshore and Brisbane before declaring a 90-day moratorium on discussion and urging the boards to consult together and submit their own combined plan.

The five boards met but to no avail. Each came up with a separate proposal to give to the committee.

The Jefferson High School board voted to oppose the state mandate "at this time" and favored a retention of the status quo until the state submitted a proposal of its own.

The board said it would "vigorously" oppose any "splintering of the district."

The high school distdict has jurisdiction over four schools with a student enrollment of approximately 5200. The district covers an area of more than 90,000 population. The Bayshore board also was in favor of a status quo recommendation.

It urged this on the grounds that legislation was being studied in Sacramento that might "cast a whole new light on the picture."

Laguna Salada in Pacifica submitted a proposal to the other boards during the interim which also urged a status quo recommendation but for different reasons.

The Pacifica board believed that the configuration proposed by the county committee was "too big." The trustees felt that within a few years the Laguna Salada area could support a unified district of its own.

Laguna Salada's argument hinges on finances.

The board said it would definitely support unification within Jefferson Elementary and Laguna Salada in the future when state financing programs would "permit reasonably equal opportunity to be offered all children, insofar as dollars available to be spent are concerned."

Laguna said "short range planning for unification . . . can:

Create overly large districts, thus defeating its own purpose.

Do very little to improve the finances of some districts involved, while reducing finances available to others involved.

Disrupt excellent educational programs in existence without offering promise of further improvement.

Create districts lacking natural geographical boundaries or common centers of interest, tending to destroy the identity of the pub-

Residents of three school districts in North San Mateo county will vote Tuesday on candidates for election to the governing boards of each district.

In the race for six positions on the three boards are 10 candidates. Voting in one district, Jefferson Union High school, will be academic. Only two candidates, both incumbents, are seeking election.

By far, the most spirited contest in the North County will be waged by candidates in the Laguna Salada district where five are seeking two four-year terms.

In the third district, three candidates will vie for two seats on the Jefferson Elementary board.

Here are the candidates and the district in which they are seeking election:

LAGUNA SALADA

Robert T. Hale of 280 Paloma avenue, Pacifica. He is seeking his fifth term on the board, having served 13 years. He was board president in 1950, 1954 and 1961. He is a shop superintendent for the S&E Manufacturing company in San Carlos.

Rodney A. Clark of 309 Genevieve avenue. He is associate professor of education at San Francisco State college where he has taught for the past seven years.

Rene L. Cardinal of 4 Durand court, Pacifica. He has been a Pacifica resident for the past 10 years and is a controller for the United Parcel Service of San Francisco.

Dale Emde of 1327 Crespi drive, Pacifica, is a pharmaceutical representative of the Warner-Chicott Laboratories in New Jersey. He has lived in Pacifica for the past five years.

Patricia Miller of 941 Rio Vista drive, Pacifica, has lived on the Coast for the past 12 years. She is making her third run for a position on the Laguna board.

JEFFERSON HIGH

Lyal Ingersoll of 439 Crocker avenue. He has been a member of the board since 1951 and served as its president from 1953 to 1956 and during the 1960-61 school year. He is a contractor.

James M. Cooper of 856 Dell road, Pacifica. He joined the board in 1959 and since 1960 has been its president. He is assistant manager of the transportation de-

Taxpayers To Vote on Bond Issue

Taxpayers in the Laguna Salada Union school district will vote Tuesday on a $600,000 bond issue and a $6-million state loan authorization.

The money is to be used for building schools to service new home developments. Laguna Salada will need two more schools for Henry Doelger's Fairmont development in the northern end of Pacifica, in addition to Fairmont school which is scheduled for construction next year.

Trustees also expect to build two more schools for homes in the new Oddstad developments in the south of Pacifica and one more for Liebman homes going up along Skyline boulevard.

Laguna Salada voters have everything to gain and nothing to lose in approving the bond issue, Duncan Burdick, Laguna Salada trustee, told P-TA members at a special meeting last week.

"We must hurry and build these additional schools, so that our present schools can remain on normal sessions and not have to go back on double sessions," Burdick explained.

Approval of the bond issue will not add a penny to the present tax rate, which will remain at 45 cents per $100 assessed valuation, Burdick said.

Laguna Salada district must stay bonded to capacity in order to qualify for state loan funds—out of which the district's school buildings are financed, he explained.

Burdick pointed out that eight years ago, Laguna Salada district had 2600 children enrolled. Now it has 6300 children in nine schools. Five years from now, the district expects to have 10,300 pupils enrolled in 14 schools.

Daly City's Annual Contest Is Underway

Daly City's own derby, a lively sprint of beauty, bathing suits and talent, is off!

It's the annual Miss Daly City contest, sponsored by the Chamber of Commerce, and it goes on until June 5 when a winner will be chosen in a colorful and elaborate ceremony.

Applications for entrants will be available, starting Friday, at the Chamber's office at 6454 Mission street.

Fred Martin, contest chairman, has urged all entrants to submit applications early so they may arrange for early photographs and publicity.

The contest already has its first entrant, Martin said. She's 20-year-old Patricia Monahan, daughter of Mr. and Mrs. Harry Monahan of 263 Station avenue.

Patricia is a graduate of Jefferson High school and is employed by the Matson Navigation company in San Francisco.

A 5-foot-two, brunette, she is fond of skating, skiing, classical and modern music.

All entrants must be from 16

Doctor Plans Emergency Hospital in Broadmoor

By RON BATES

The emergency hospital problem in the North county was abated somewhat by an announcement Monday that a doctor on the present Mary's Help hospital staff plans to set up an emergency facility in the Broadmoor area.

Dr. Alfred A. Marquez, a surgeon and member of the teaching staff at Mary's Help Hospital, told Daly City council members the 24-hour emergency hospital should be operative in about 90 days.

"My timetable depends on the construction of a road in front of the property I have bought," Marquez said.

Vice mayor Michael deBernardi, who had asked the doctor to appear at the meeting, said the city had "just about exhausted all possibilities" in coming up with a solution to the problem caused by the closing of Junipero Serra Emergency Hospital last month.

The emergency hospital was closed to make way for the new Junipero Serra freeway.

The new Mary's Help Hospital is expected to be completed in April, 1965, and will supply emergency treatment then.

In the interim, however, patients have to be transported to Kaiser Foundation Hospital in South San Francisco and to Peninsula Hospital in Burlingame.

'Opportune Time'

Councilman Bob St. Clair said the doctor's offer comes at "a very opportune time."

"We have been receiving numerous complaints from people," he said, "and they're beginning to multiply."

City Attorney Paul Hupf said the County Health Department would have to check out the hospital to accredit it, but once that is done the police department would be directed to take accident or suicide victims there.

The council directed the staff to aid the doctor in any way possible.

In other business, Councilman Francis Pacelli expressed concern about staffing a new 200-bed Civil Defense hospital the city is in the process of receiving.

Pacifica to Hear AAUW Conclusion

The Pacifica City Councill be asked this evening not to rule that city committeemen should resign when running for public office.

A lengthy report prepared for the City Council at its request by the Pacifica branch of the American Association of University women will be presented at the meeting tonight.

Conclusion of the six-member study report, directed by Mrs. William Henderson, is that "both in practise and in theory, all evidence indicates a greater value to the community by not having a fixed policy requiring appointive office holders to resign before campaigning for elective office."

The matter was originally brought before the City Council by Councilman Harold Feyge who said there had been criticism in the past of commissioners running for City Council while still holding their appointive posts.

Feyge asked the Council to make a ruling in case the situation should arise again.

To back up their conclusion, the AAUW members will submit a three-page summary and an additional 17 pages of documents. During their study, they polled mayors of nine San Mateo County cities, other Bay Area cities and sought information from such groups as the League of Califor-

Jeff Board Won't Take 'Hasty' Move

By DON MILLER

The president of the Jefferson Elementary District board of trustees declared last night that the district isn't going to be "forced into hasty or capricious action" over charges that the district's two appraisers aren't fulfilling their jobs.

Thomas F. Noonan made the statement after Schools Superintendent Richard L. Foster had read a letter from a resident, criticizing the treatment accorded by the board to Matthew Murray of 138 Vista Grande avenue at a board meeting last week.

At that time, Murray charged that his property had been appraised by only one person although two appraisals had been submitted to the board.

The appraisals had been made in connection with the purchase of 19 parcels of land for the expansion of the Woodrow Wilson Elementary school in Daly City.

Noonan said the author of the letter "must not have been here when I asked Mr. Murray to leave his statement with the board. This he (Murray) did not do nor has he done yet." He added:

"We have copied Mr. Murray's statement from a tape recording made at the meeting. We'd like him to read this copy and initial it if this is his statement."

At this point, Noonan stated the policy of the board in regard to Murray's charges. He declared:

Contractor Is Assailed For Delays

Jefferson Union High school trustees called a contractor on the carpet Monday night for delays in completing the Jefferson High school addition.

Trustees told Thomas Schalich of James D. Roberts company that his promised completion data of May 31 was not acceptable.

The building was due to be ready for occupancy yesterday according to an extension of time granted the construction firm by the trustees.

Board President James Cooper said the district should start moving into the new building by May 15 in order to prepare for the demolition of the old one by June 17 and the construction of playfields and games courts during summer months.

WESTLAKE STORES OPEN WEDNESDAY AND FRIDAY NIGHTS

Pacific Parade

By DON MILLER

THE HALLMARK of any enduring comedian, be he television personality or night club quipster, is the ability to continually come forth with fresh material or to so vary the old stuff so that it takes on a fresh, almost unrecognizable hue.

There doesn't seem to be too many of these personalities around these days and so it was a delight to sit in on Shelley Berman's opening night in the Venetian Room of the Fairmont hotel last week.

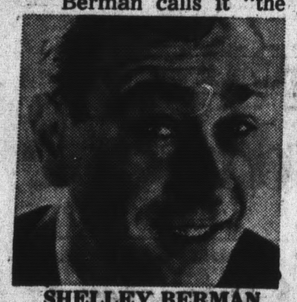

You might say Berman is on the spot each time he appears for chances are a good portion of his audience has seen him on a recent TV show or heard one of his latest recordings. He's been a prolific entertainer in both mediums as well as a supper club favorite for years.

Although his fans understandably look for "live" repeats of some of his recording or TV routines, they also have come to expect something new at a new Berman opening.

★ ★ ★

WELL, BERMAN has done it again and from the reception it got from a full house opening night, his newest routine could turn out to be one of his most venerable.

Berman calls it "the complete neurosis." Essentially, it's a telephone monologue—a staunch Berman speciality—between a neurotic and his psychiatrist. Berman (wouldn't you know) takes the role of the neurotic and the audience hears only his end of the call.

SHELLEY BERMAN

Before the conversation is over, the psychiatrist is seeking advice from the neurotic.

Now, this isn't a new gimmick in and of itself but it's the way Berman develops the reverse twist that provides a downright hilarious bit of nonsense.

I sometimes think Berman should apply to the U. S. Patent Office for a copyright on his one-way telephone technique.

The routine, of course, is a standard item of stock in many comedians' laugh stores but Berman consistently seems to get more mileage out of it than his contemporaries. This neurosis business is Berman at his best on the telephone.

Before he began the routine, he explained rather nervously that it was its premier before a live audience.

"I've tried it only once before, in cut-down form, for a recording. This is its first public performance," he explained as if he were introducing a new performer for the first time. "I'm sure some day it will be a doosie."

At a reception later, Berman said the neurosis bit "is my baby now. It needs work but it's going to go."

★ ★ ★

WHILE HIS "baby" seemed to be going places, an old member of the Berman family ran into difficulty—a routine he said he'd never tried at the Fairmont before.

It's that P-TA business where he plays the role of a bored P-TA speaker, asking his audience to fire questions at him about problems they're having with their children.

It's up to Berman to fire back—in the best of ad lib tradition—answers he hopes will bring down the house.

Well, the house didn't exactly come down this time but it wasn't all Berman's fault. Most of the questions didn't give him much room to maneuver. One that did was strictly off color.

"Once in a while you get an oddball like that one who embarrasses both me and the audience," he said afterwards. "But that's rare."

For the record, Berman leveled his off-base questioner with a reply that evoked the biggest guffaws of the evening.

★ ★ ★

ONE THING I didn't like in Berman's first show was his interpretation—in pantomime—of a guy eating popcorn at a movie.

Although he has one of the most mobile faces in the business, Berman here looked too much like another comedian whose forte—unhappily—is slapstick.

This is Berman out of character. His brand of humor is many things but in the main it's several levels above slapstick.

When he met the press later, Berman indicated he was nervous during his opener. He said he always is.

"It's very hard to tell how you go over in that first show. I think they laughed. I can't tell. There is nothing to measure it against. What I mean is, it's the first show and you can't compare it with any of the others.

Berman also said he was unaware that one of his best gag lines of the evening (he equated medicare with bubonic plague) had a very topical overtone. Told that a bubonic-infested dead rat had been found recently in the city, he quipped:

"Oh, come to think of it, I did read about that someplace. It's still kind of scarry, isn't it.?"

★ ★ ★

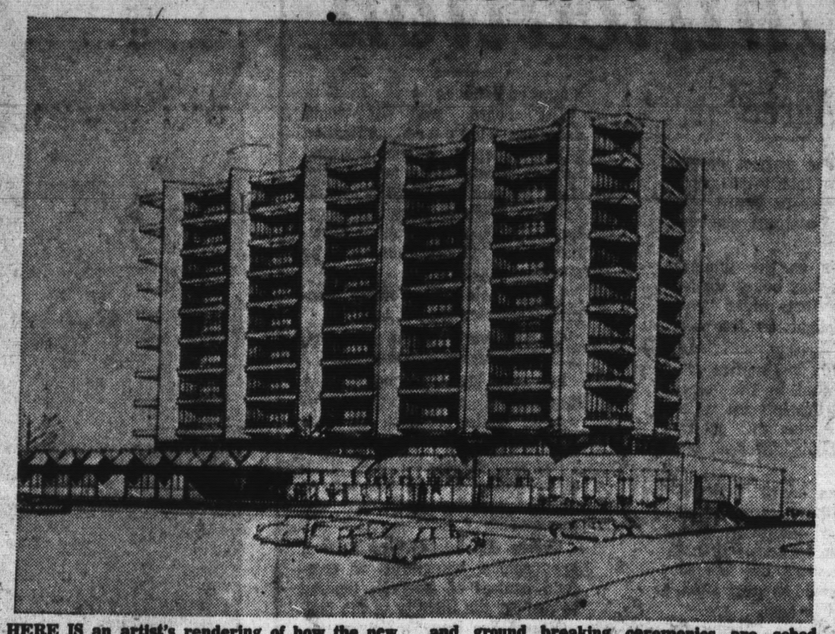

OUTSIDE of his hour-long performance and the chit-chat later we had later, about the most notable feature of Berman's opening was a startling—if not award-winning — performance by the Venetian Room waiters.

They must have posted a new night club record for speed in serving as show time drew near for the foot traffic between tables was nothing short of cyclonic.

Berman is a stickler on noise during his performance—particularly the clink-clank and rattle of dinnerware—and the waiters had been ordered under the threat of some dark fate to vanish before the footlights came up.

Well, vanish they did but not before patrons were treated to one of the best indoor track shows since that big invitational at the Cow Palace not long ago.

Here's a Preview!

HERE IS an artist's rendering of how the new $8 million St. Mary's Help hospital will look after construction is completed in June of 1965. Bids for construction were opened last week and ground breaking ceremonies are scheduled for May 11. Gov. Edmund G. Brown and Archbishop Joseph T. McGucken of San Francisco will participate.

5 Districts Can't Agree On Proposal

(Continued from Page 1)

lic with the whole school district, rather than with individual neighborhood schools.

Mrs. Ruth M. Boudinot, board president, said at a Laguna Salada meeting that unification with the Jefferson district would create in ten years such a large district that Laguna Salada would lose its own identity.

"Eventually," she said, "it would mean that school taxes would have to be increased to raise salaries and school building standards to bring those in Pacifica up to Jefferson's standards."

The Brisbane board, which has the highest assessed valuation of the five boards, also agreed that the unification plan of the county committee would be too big and unwieldy.

The proposal of the Jefferson Elementary board is the latest plan to be drafted.

The three-part plan calls for:

A study of the entire north county area by an augmented committee, including representatives of South San Francisco, Millbrae, San Bruno Park, Brisbane, Bayshore, Laguna Salada, Jefferson Elementary and Jefferson High School.

The master plan to be submitted to include Jefferson Elementary alone or Jefferson with Brisbane and Bayshore. If the three boards combined, the governing board would be composed of seven members to give adequate representation.

The plan to include South San Francisco and Laguna Salada as a unified district or parts of Laguna Salada with South San Francisco, Millbrae and San Bruno Park.

The county committee is composed of 11 members, each with a vote. Each board has only one vote.

If the committee votes to pass the configuration plan it has presented, it will be discussed at a public hearing.

Following the public hearing, the committee will hold another meeting for a final vote and then forward the plan to the Department of Education.

The county committee must hold similar meetings in the central and southern parts of San Mateo county. The end result, if approved as tentatively presented, would unify 29 districts in the county into six.

nia Cities and the National Municipal league.

Whether to permit a trailer park to be built in the back of Linda Mar valley is another controversial matter on Pacifica City Council agenda this evening.

Application to rezone the Maestri parcel for the building of a trailer park has been denied by the Planning commission and now comes before the City Council.

This evening, the Council will receive a petition from 21 Pedro Point residents who disagree with neighbors who have been lobbying to get Greyhound buses parked elsewhere than on the Point. The new Pedro Point petition says Greyhound service should remain as it is.

Pacifica Federated Women's club will ask the city to pass a billboard ordinance for the new coastal freeway—making the city eligible for state funds for landscaping.

Berkeley Firm Has Lowest Bid

Bids for construction of the new 10-story $8,000,000 Mary's Help hospital, to be built in Daly City, were opened last week at the present hospital in San Francisco.

Of eight firms bidding, the lowest was submitted by the P. P. Lathrop Construction company of Berley. Lathrop bid $5,257.000.

Other bidders were Williams and Burrows of Belmont, $5,358,000; Barrett Construction company of San Francisco, $5,380,000; J. B. Allen and company, $5,400,000; M & K corporation of San Francisco, $5,405,000; Stolte incorporated and Engstrum and Nourse of San Francisco, $5,550,000 and Perrini corporation of San Francisco, $6,107,800.

The bids will be studied by the hospital administration, the California Bureau of Hospitals and federal personnel before a contract will be awarded.

Ground breaking ceremonies are scheduled for 1:30 p.m. May 11. Governor Edmund Brown will be the principal speaker.

The Most Reverend Joseph T. McGucken, archbishop of San Francisco, also will speak.

In addition to contractors, present at the bid opening were Sister Hermine, hospital administrator; Lawrence Hoban, her assistant; R. W. Barnecut, of the California Bureau of Hospitals and the Department of Public Health; the Reverend Timothy O'Brien, director of Health and Hospitals for the archdiocese of San Francisco; Dr. A. J. Rourke, consultant to the Daughters of Charity, and Stone, Marraccini and Patterson, architects, of the new hospital.

and local bond issue will be used for purchasing needed school sites, erecting buildings and installing permanent school equipment. None of the bond money can be used for operational expenses or for employes' salaries, according to law.

Property taxes in the Laguna Salada district cannot be increased by the bond issue because residents are already paying the maximum tax rate allowed by state law for the repayment of both local and state bonds combined.

Regardless of how residents vote, the elementary school district bond tax will continue until 1992 to be 45 cents per $100 of assessed valuation. State funds are repaid only after local bonds are retired.

He also wanted to know how lower echelon personnel, such as nurses, ambulance drivers, kitchen help and stretcher bearers would be supplied.

"We should have all the basic bases covered," he said.

The council asked for names and addresses of the doctors assigned and a full report on the staffing.

The hospital is being stored at Our Lady of Mercy school on Elmwood street in the Westlake area.

Condemnation

Hupf attorney asked permission to go into condemnation proceedings on three remaining parcels of land in the $500,000 Knowles-Los Banos Street Project.

The city purchased property from Effie Hayes and William and Mary Roberts at Monday's meeting.

The city can only offer the highest of two appraisals made on the property. If the land owner feels his property is worth more and can prove it in court, the city will have to pay.

Board Assails Jeff Contractor

sharply criticized the manner in which the construction contract is being directed. He said he was shocked at how few men were on the job and the untidy state of the building. Because of inadequate cleanup, he said, there could be no place to install new equipment and furniture as it arrived.

Both school officials and the architect said they doubted that with the amount of work remaining to be done the contractor could even meet his May 31 deadline.

Schalich said that a shipment of laboratory equipment on order for one year still had not arrived, tying up one-fourth of the project. In his defense, he cited extensive acts of vandalism and difficulties with subcontractors. He said Morgan refused to have bi-monthly conferences with the architect and contractor to oversee progress of the project.

Trustees approved a resolution last night calling for bids on the demolition of the old Jefferson High school building, a project estimated to cost $25,000.

Elementary Board Moves With Caution on Charge

(Continued from Page 1)

"Now this board as far as I'm concerned is never going to be forced into a hasty or capricious action.

"If Mr. Murray will initial his statement so that we may first make a review to see if any misconduct has taken place, then we'll be able to review the case. We'll proceed from there."

Murray, who was sitting in the audience, replied: "I'll be glad to do that."

Later, Murray, a Daly City police sergeant, indicated after a quick perusal of the statement taken from the tape recording that he would sign it.

During a recess, Noonan explained to a reporter that "these are very serious charges" and that the board wants "first to determine if something is wrong" before proceeding into any kind of investigation.

After Murray indicated during the meeting he would be glad to sign the statement, two other property owners also protested against appraisal methods being used.

Paul G. Selmi of Los Altos, owner of property at 67 Miriam street, said an appraisal made in January of last years is "stale." He added that "prices have changed since then" and that "the appreciation in real estate values has been the greatest of any year."

Frank Garcia of 100 Vista Grande avenue said he concurred fully with Murray's charges.

In other action, Noonan indicated that the board would have "no other alternative" than to vote against a school unification plan drawn up by a countywide committee.

He added this was because an alternate plan had been drawn up by the Jefferson Elementary board. The committee will meet next Wednesday night.

Consultants' Pact Won't Be Renewed

Pacifica city council voted in a closed personnel session last week not to renew its contract with Hahn and Wise, planning consultant firm, after July 1. The firm has been retained on a $4600 yearly contract by the city since incorporation five years ago.

Councilmen also voted down an additional $3500 requested by Edward Robinson of Hahn and Wise for further planning studies this spring

Council will hold a series of meetings with planning commission members and the city administration to discuss the city's needs for future planning services.

Councilman Harold Feyge said the council is seriously considering the possibility of assigning all staff planning services to the assistant city manager, Mel Davis, and hiring a full-time finance officer who will take over budget work and purchasing now handled by Davis.

Controversy arose at the last city council meeting when planning commission members said they were not informed that the planning consultant had exceeded his budget of $1000 for special studies.

Also in closed personnel session, Pacifica council appointed seven citizens to study a proposed and controversial police and fire commission for the city.

They are Mrs. Mina McGee, Gilbert West, Adi Bana, Lawrence Willey, Kenneth Strom, James Foley and Glenn Butler.

Other committee appointments made by the council include: plnning commission, Lou Lorenz; park, beach and recreation commission, Thomas Tromborg Jr. welfare referral board, Stanley Farber and Mrs. Jean Fredricks; safety committee, Edie G. bly.

2 Postal Unions Are Recognized

Two employe craft unions have been officially recognized at the Daly City Post Office in accordance with a policy decreed last year by President John F. Kennedy.

They are Branch 5364, National Association of Letter Carriers and Local 6159, United Federation of Postal Clerks.

The unions will negotiate and consult with post office officials on grievances, working conditions, personnel practices and related matters, according to an announcement by Daly City Postmaster Vincent P. Murphy.

Recognition of the two unions and of other unions at postal facilities throughout the nation is based on results of the largest nationwide labor management election ever held.

More than 451,000 postal employes throughout the country took part in the election, held June 15 to July of last year.

Official results were issued to each post office by department officials in Washington.

The election followed President Kennedy's executive order, which provided for recognition of federal employe organizations for the first time in history.

The President acted after a special task force on employe-management relations in the Federal Service submitted a report to him.

The presidential order, while permitting federal employe organizations, prohibits strikes and discrimination.

2 Children Hit by Cars

Two Daly City youngsters were struck by cars yesterday when they darted into traffic, police reported.

Donald K. Campbell, 6, of 123 Winchester street, was treated at Kaiser Foundation hospital in South San Francisco for head and body injuries. He was transferred to Kaiser hospital in San Francisco for further treatment.

Police said he was struck by a car driven by John Corcoran, 42, of 115 Winchester. Corcoran said the boy had darted suddenly into the street in front of his car.

The second youngster, Melinda Kelly, 7, of 92 Avelon drive, Daly City suffered multiple contusions. She was treated at Kaiser hospital in South San Francisco and released.

Police said the motorist, Frances Rhea, 39, of 146 Northridge drive, Daly City, reported that the girl had ran in front of her auto.

Futuristic School Set

FORWARD LOOKING

Fairmont Plans Are Approved

By LOIS McNALLY

A SCHOOL that will be ahead of its time will be built for residents of Fairmont subdivision in Pacifica.

Plans for the new school, approved by Laguna Salada school trustees last week, show a school forward-looking in design yet adaptable to present-day traditional teaching methods.

Features in the design look toward the day when such things as team teaching, foreign language laboratories and the use of educational television and teaching machines will be standard in elementary school curriculum.

Commanding a spectacular view of the Pacific ocean, Fairmont school will have an impressive interior as well. Classrooms will be built in a series of complexes: five classrooms surround a central activity area.

This activity area, which also will serve as the interior passageway between classrooms, will be used when larger groupings of children are called for.

For example, two or three classes might be brought together for sharing educational television viewing or for a special music lesson. The activity area might be used by a teacher with an art project too elaborate for the classroom to handle.

In addition, just off the shared activity area there will be a small room, which can be used for individual research projects, counseling, or records for individual language instruction.

These small special study rooms will have glass walls so that the classroom teacher can supervise students.

FAIRMONT SCHOOL — Laguna Salada Superintendent of Schools Frederick Lucas and Dr. Lucille Foster, assistant superintendent in charge of curriculum, look at a table model of the new Fairmont school in North Pacifica. Trustees approved plans for the modern school last week. Harold E. Crosby Jr. is the architect. (Post-Times photo)

"WE ARE on the verge of many new things in education," says Dr. Lucille Foster, curriculum co-ordinator of the Laguna Salada administrative staff. "This school will not hold us back but will help us to adapt to whatever changes may come.

"Fairmont school is also flexible enough to be used in our present system of classroom teaching with no difficulty.

"For example, we know that foreign language teaching is coming in elementary schools. Not every teacher will be able to handle this. In the larger activity area, we can combine classes under one teacher with a specialized skill—or work with children in small groups in the special study room." And he added:

"Such things as programmed learning and automatic teaching devices are being used in industry but are still in the experimental stage in schools. These things are coming and we want to be prepared to use them."

Doctor Foster points out that schools are built to last 50 years and yet it is impossible to know what elementary school teaching will be like even ten years from now.

DESIGNS FOR the Fairmont school, submitted by architect Harold E. Crosby Jr., include two special features not yet accepted by Laguna Salada trustees.

Most radical is the architect's proposal to use carpeting in classrooms to cut noise. Crosby calls it acoustical floor covering and says it cuts the noise of foot shuffling and makes the classroom as quiet as a library.

The architect has also proposed the use of movable partitions between classrooms so that space can be rejuggled by teachers to accommodate different combinations of classes and groupings of children.

Decision on the movable wall partitions and the carpeting has been delayed by trustees until final plans are approved and more complete cost studies made.

Crosby told a P-TA group at Pedro Valley school last week that the Fairmont school design will be one of the most modern elementary schools in the county.

Some of the ideas incorporated in the Fairmont design came out of a Ford foundation tour, studying school design, made by Crosby and his associates.

In particular, Crosby described an elementary school he visited in Texas where carpeting has been installed in classrooms and used for five years. Crosby says it is still in excellent condition and school authorities report no difficulty in maintaining it.

FAIRMONT SCHOOL will be situated on the south side of Edgewood drive. It will include 21 classrooms, four activity areas, four small special study rooms, two kindergartens, a library, multi-purpose room and administration offices.

It will be the fourth Laguna Salada school to be built with reinforced grouted brick masonry walls. The walls consist of two layers of brick with reinforced steel and concrete in the center.

This construction, used also on Ortega and Cabrillo schools, has been approved by Laguna Salada officials because of low cost and easy maintenance.

AFTER HAVING digested the plight of professional boxing in this country—which is no easy task, even with a Speedy Alka-Seltzer—I have come to the same conclusion I always reach.

Banning boxing is the worst possible solution to the problem of brutality.

Man is basically a fierce animal, domesticated. He has always fought, will always fight. As in all carnivore, it is his instinct, of his nature.

Banish boxing and the fighting man and the people who promote and manage his affairs will find basements, barns and barges in which to conduct their business, as they did in the days before boxing was legalized.

Forced underground, crime—and death—would get an even firmer grip on the sport, which would then be under no responsible control at all.

You can't take the fighter out of the ring, any more than you can take the speeder off the auto racing ovals, and not expect to find similar problems in other areas. The racer would find a public highway or street on which to drag and speed, and the fighter would find an alley in which to brawl—possibly with an innocent party not wishing to release his hositilities in any more a violent manner than to holler at his wife.

Every man has his own private death wish. He may choose any one of many ways in which to die—speeding automobiles, overeating, overdrinking, overworking, jumping from airplanes with parachutes, waiting for old age—and even getting hit hard on the head with a crowd cheering, or crying, for him.

Our society provides many outlets for these legalized suicide methods, ones which harm only those who wish to indulge in them. We put speeders on race tracks, make the drinking of spirits and sky diving legal, and put fighters in an enclosure where they can vent their hostilities where they are best appreciated—on each other.

The only answer to the present boxing problem is to make safety rules more stringent and to enforce them more strictly.

That's all, I believe, that God expects anyone to do with any of his creations—protect, but not prohibit them.

NOW THAT the official baseball season's on us, I'm wondering how certain alarmist sportwriters who picked the Giants to win the pennant and panicked when they lost a few insignificant practice games, will disguise themselves so that they can get on the bandwagon again.

It's amazing how many veteran reporters lack a sense of history, basing predictions only on day-to-day happenings.

Historically, pennant winning teams are rather ineffective during spring training. Check past spring training records of the most successful team in diamond history, the Yankees, and you will find that they seldom have spectacular records. They were on about the same level as the Giants even this year.

The reasons are obvious. Set teams don't have very much to prove by winning practice games. No "set" professional athlete, no matter what he says, puts out all the way unless the chips are on the table. The Mays and Mantles have their jobs won and are concerned only with getting and keeping in condition.

It's teams like the Orioles, the Mets, the Colts (check their fine practice records) who win inconsequential spring training games. They have players fighting for jobs, out to impress managers with feats of daring-do. Who do Mays and Mantle have to impress?

On the other hand, guys like Ted Schrieber, J. C. Hartman and John Bateman have plenty of people to impress.

Who are they? Why, they're young men who are performing daily feats of daring-do in trying to win jobs with the Mets, Colts, and Orioles, respectively.

ANOTHER INCIDENT to prove that baseball's big minds can indeed work in very strange ways is the one in which the Chicago White Sox recently told 43-year-old Early Wynn that he had to make way for the youth movement.

On the surface this is a very logical explanation of the club's philosophy, but I'd like to know why they allowed Wynn to even come out for the team when they knew they were going for youth, especially when Early, after a rough first outing, had allowed only one earned run in his next 13 innings of spring pitching.

It seems to me that the White Sox are doing Wynn in for the second straight year. Old Early needs only one more win to become one of baseball's few—and perhaps last—300 game winners.

With about six weeks left in last year's season he also needed only that one victory, but the White Sox, in a publicity stunt designed to have Wynn get No. 300 in Chicago, compelled him to miss two starts on the road.

When Early returned he lost a couple of tough ones in Chicago, the season ended, and he announced his retirement in apparent disgust and/or disillusionment. He tried to hook on with other clubs, after a change in heart this year, but no one was willing to take a chance on him save the big-hearted White Sox, who raised his hopes, allowed him to pitch his heart out in order to win at least a temporary job, and then released him for a youth movement which hasn't been nearly as effective as has Wynn.

The White Sox just haven't been successful enough to arbitrarily turn loose a pitcher who has demonstrated that he can still get the side out.

Remember how the Yankees let Robin Roberts go last year without allowing him to pitch an inning in spring training, and how he came back with the Orioles to haunt them?

It could be that the White Sox will encounter the same kind of ghost this year in Wynn — who, come to think of it, probably isn't dead yet.

Sharks May Surprise

COACH SAYS:

Automatic Wins Won't Be Assured

By RON BATES

OCEANA'S baseball Sharks may not be in the running for the top spot in the North Peninsula league this year but coach Frank Lawler says they will have some surprises in store for teams who think they have an automatic win.

"Most of the other coaches are picking us for the cellar spot," he said, "but we might surprise some of them.

"We have the potential to be a strong club. The trouble is, we are only one deep in each position."

Fifteen players, all juniors and sophomores will be carrying the colors for the new school in its first year of varsity competition.

ONLY ONE of the 15, Ernie Brede, has had any varsity experience and it is around him Lawler is building his team.

Brede was the starting center fielder for Terra Nova as a sophomore. While in Tiger uniform, he was a hitting power at the plate with a healthy .325 average.

He has been the "big stick" for the Sharks in the tough pre-season practice game schedule this year. The slugger has bashed the longest ball ever hit on the Oceana diamond — a 340-foot clout over the deep left-center field wall.

Although the Capachino Mustangs gave the wall some practice in a 14-1 romp over the Sharks, none of them came close to matching Brede's homer.

Brede, like several other regulars, will be seeing double duty. He has been one of Lawler's two starting pitchers and held a respectable 1.17 earned run average for 18 innings.

Dave Breazeale, all - league basketball star for Oceana, is the other front line hurler.

"Breazeale started slow, but is coming on fast," Lawler said. He was one of two starters for the Terra Nova frosh-soph team last year. So far this season he has a 1.07 ERA.

FOR RELIEF pitchers, Lawler will pull in regular shortstop Jim Cook and outfielder-first baseman Don Helm.

Cook, a sophomore, is the younger brother of Terra Nova's starting shortstop, John Cook.

When Terra Nova's student body was divided after the construction of Oceana, the older brother had the option of finishing at Terra Nova.

He decided to stay. When the two Pacifica teams play, the brothers will be out to top one another.

Helm, one of nine juniors on the team, has seen only limited action due to an injury.

Lawler originally thought that hitting was going to be his strongest advantage this season and that he was going to be hurt by weak pitching.

"It has turned out to be just the reverse," he said. "Our hitting has failed to materialize and our pitching has come on strong."

Dave Westphal, Doug Rhodes, Steve Rentmeester and Barry Schivo are other hitters with the bat.

"Rentmeester's a 200-pound sophomore who has the potential to be one of the best hitters on the club," Lawler said. "His lack of hitting so far has hurt us."

The sophomore at first-base has been one of the better fielders for Oceana. "He has made some outstanding plays," Lawler noted.

THE OUTFIELD is strong defensively but the infield needs work. Errors have cost the Sharks more than one game, Lawler observed.

Two one-run losses to Burlingame were attributed to bobbles by the inexperienced infield.

The Sharks had 19 errors in the first six practice games.

The coach said this year would have to be considered a building year, which accounts for the small size of the team.

Next year the team will be supplemented with players from the frosh-soph club.

"Give us two years and we'll be strong baseball-wise," Lawler said.

SIZING UP the rest of the league, Lawler figures that either El Camino or South San Francisco will grab the crown.

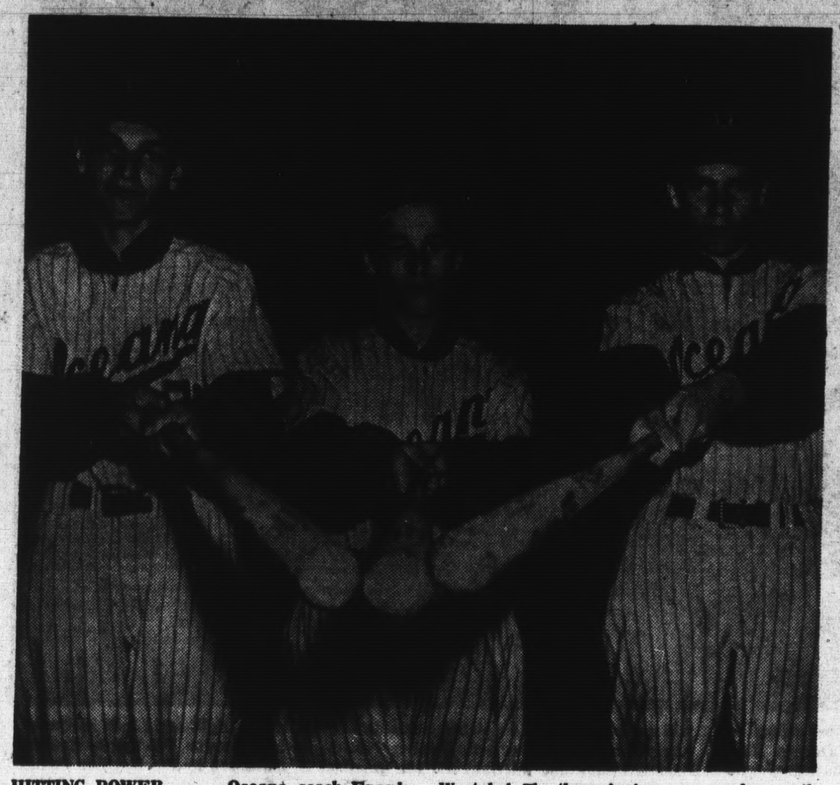

Westmoor and Jefferson have always been baseball powers and can't be counted out. Terra Nova will be weak because Oceana has taken many of its players, he added.

His own prospects in the league depend on some important ifs. "If Westphal and Rentmeester start pounding the ball and if the pitching develops, said.

"In high school, if you have a good pitcher and a mediocre team, you can win the pennant." "And if you have a great team but no pitching, you'll wind up in the middle."

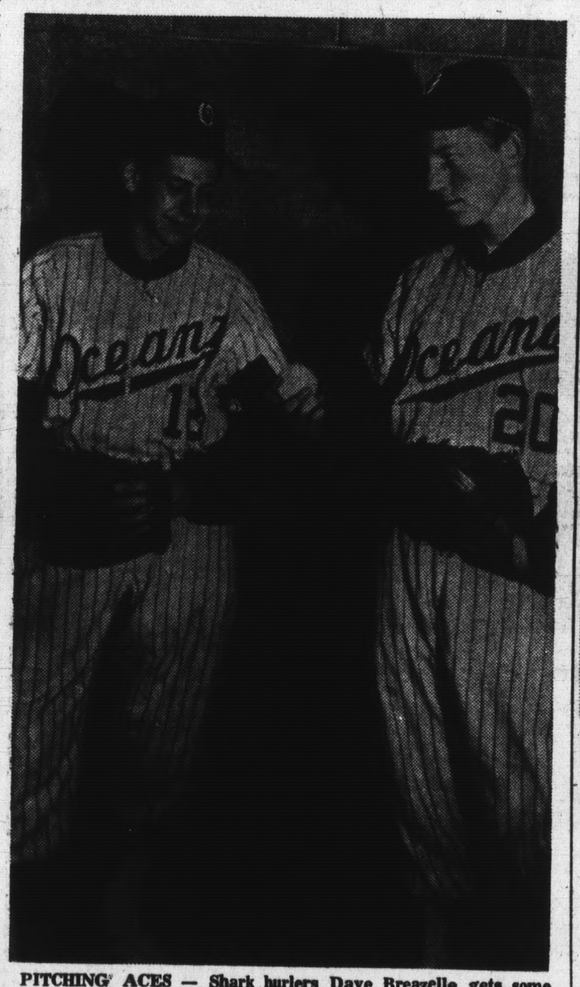

The Sharks will play host to Westmoor in the league opener at 3:15 p.m. April 19.

Tiger Rally Falls Short, Lose 8-7

The Burlingame High school Panthers staved off a late-inning Terra Nova rally to hang on for an 8-7 practice game baseball victory at Washington Park yesterday.

Burlingame rapped two Terra Nova pitchers for 12 singles in the game, but gave up three unearned runs to their visitors on costly errors.

Starting pitcher Don Lembi, who worked the first six innings of the game, smashed two singles to aid his own cause.

Rams Play Burlingame To 2-2 Tie

Westmoor and Burlingame squared off in a baseball game last Wednesday and some three hours later when the sun had called it quits behind the Pacific, the two clubs were still knotted 2-2.

The game was halted because of darkness and it will go down into the book as an 11 - inning tie.

It all started in the fourth inning when Westmoor drove across two runs. Steve Schmuck led off with a walk, followed by a single by Bob Hanson.

With two out, Al Contreras lased out a single which scored Schmuck and Hanson.

Don Lembi opened with a walk, and with two outs, Rich Hill banged a long triple off oft he boards in left field, scoring Lembi. Eric Haseleu knotted the game up with another triple off of the centerfield wall.

From then on out the two teams battled as equals. The Panthers threatened once in the final inning, when with two outs and one on, Lembi sent one deep to center field. But Ernie Ertola leaped up on the dead run to quell the Panthers' chances of showing they were better.

Jefferson High school scored 10 runs in the third inning and then held on gamely to defeat Hillsdale, 14-9, in a practice game at Hillsdale Friday.

California's Leading Hair Expert Demonstrates Baldness Problems Next 8 Days

S. I. Turoff, director of Turoff Hair and Scalp Experts shows how baldness can be caused by excessive hair fall and dandruff. This famous specialist is offering a free examination and $2.00 demonstration treatment for the next 8 days. Hours: Daily 11 a.m.-8 p.m.; Saturday, 10 a.m.-2 p.m. Thursday 4 p.m.-8 p.m.

Basic Principle of Baldness and Prevention Explained by Expert

Remarkable new methods to prevent baldness and thicken hair will be demonstrated in the next 8 days in an unusual manner.

Noted Expert Speaks

"Probably the greatest single cause of baldness is simply neglect." So says S. I. Turoff, dynamic young director of the Turoff Hair and Scalp Experts. This specialist is well qualified on this subject, being the founder of the large Turoff organization. Over 1 million treatments for scalp problems have been given to thousands of satisfied clients.

Turoff continued, "excessive dandruff, falling hair, itchiness, over dry or oily scalp, thinning or bald spots, these are all danger signals from nature. You might think that with such warnings of approaching baldness, an intelligent person would act fast to prevent it. Unfortunately, this is not always so."

Wrong Belief on Baldness

Turoff reflected, "there are so many outdated thoughts and beliefs on the hair, it is easy to put yourself in a frame of mind where nothing is done, and one mistaken belief is that baldness is "natural," and due to age. This is nonsense. Science has proven hair grows fastest from 35 to 60 years of age. Another belief is that baldness is inherited. If this were true, why would a person have hair, for say, 30 years. We can inherit the tendency, not baldness itself."

Turoff continued, "however, the most foolish belief of all is that nothing can be done. The Turoff Hair and Scalp people have become California's leading organization in this field because we have proven that thought wrong — to thousands of happy clients. Our records show we can help 95% of the people we examine, we do not accept those that are hopeless, because of systemic complications, or those that are slick bald. We are concerned with one thing — the amount of hair you still have, and this includes fuzz. If a hair root is still there, that hair can be improved. You get thicker hair because of one fact — a healthy scalp grows hair, where roots are still alive. This fact can not be disputed! Turoff examination is free, the treatment is pleasant and relaxing. Our hours are very convenient for working people. Worried about cost? Let's just say — the bulk of our business is from average working people. They all agree our rates are reasonable, and this small fee is a fine investment indeed for a head of hair instead of baldness.

Offers $2.00 Trial Treatment Next 8 Days

For skeptics, we are making a very special offer. Come to your nearest Turoff office in the next 8 days. If the free examination shows we can help you, your first Turoff treatment will cost you just $2.00 (no obligation.) This experience will surprise and delight you. It may change all your ideas about letting yourself go bald. Spend that $2.00 and let us prove this to you. Hurry in soon.

Westlake Bowl

THE BOWLERS of tomorrow take over Westlake this week as the second annual Westlake Bowl Easter Classic goes into high gear. The opening weekend found junior bowlers from San Pablo, Watsonville and all parts of the Bay Area on hand. Squad times have been set for today, Thursday, Friday and Saturday of this week while the bowlers enjoy the Easter school vacation.

Vince Ferrigno was back on the strike trail last week as he led the Golden Gate Handicap with a big 628 series on a high game of 234.

One pin separated **Ann Ikler** and **Bess Marston** in the Evening Stars league as Ann took high series honors with 532 while Bess shot a 202 game to take top honors in that department.

The high series record in the Ladies' 800 Scratch league was tied last week as Hank Rose equalled **Mercedes Johnson's** previous high of 624, shooting a 223 game en route.

Bowlers in the Early Fives league were treated to a real exhibition as **Gene Tarczy** led his Joe's Nursery team with a terrific 647 series on a high game of 237.

Connie Halsing took both high game and high series honors in the St. Emydius Mothers' Guild league as she rolled a 156 game and 423 series.

Hal Wood found the range Tuesday night as he led the Southgate Mixed Fives with a 227 game and 584 series while **Carol Thompson** led the ladies with 168 and 452.

The Westlake Minors found **Ray Workman** leading the way with a 193 game and 542 series.

☆ ☆ ☆

WITH OVER 200 entries during the first week, the Gold Coast Classic is off to a flying start with **Phil Racchi** and **Dave Egigian** winning paid entries in the Westlake Finals by leading their average classes during the weekly competition.

Weekly rolloffs among the top sixteen in each class are held Saturdays and Sundays at 7 p.m. and noon respectively to determine additional qualifiers for the Westlake Finals. For bowlers of 180 average and over, a Weekend Gold Coast Sweeper is held after the 9 p.m. leagues every Friday.

Rich Ryden again led the Blue Monday Scratch league, this time with a 226 game and 620 series, closely followed by **Hersch Laughlin** with 211 and 603.

Sea Bowl

ALL RESULTS of the women's division tournament at Sea Bowl will appear in this column next week. None of the results were conclusive except to point out that the men are going to have to do some powerful shooting to overcome these gals and their fine efforts.

All summer leagues are in the process of being formed and a few are scheduled to take the floor soon. The Adult Junior league is soon to start with some new teams and new people in the league.

San Mateo Decisions Westmoor

The Westmoor Rams baseball team was blanked by the hosting San Mateo Bearcats last week in a 1-0 squeaker.

Rams Bruce Hix, Dan Payette and Ed Parry all collected hits but to no avail as the Bearcats played errorless ball.

Bearcat center fielder Earl Long fired a single into center field to score Mike Nepote from third base with two outs and give the Mateans the victory.

It was strictly a pitcher and defensive battle up to that point.

San Mateo's Dennis Chandler went the distance for the victors, striking out 13 and allowing just one walk. Gary Davis also hurled the whole game for Westmoor, striking out 12.

Tigers Lose To Knights

The Hillsdale High school baseball team, again led by the powerful bat of George Gmelch, toppled Terra Nova yesterday, 6-3, in a practice contest at Linda Mar.

The Knights rallied in the fourth inning, scoring four runs, to come from behind and take the lead, 6-2. Don Leydig drove in one run with a single and Gmelch added two more as he lashed out a double, the only extra base hit of the game.

Terra Nova scored twice in the first inning when John Cook singled. Nick Boothe reached first on a fielder's choice, and Bill Zander singled.

Catcher Bill Hensley then drove in two runs with a bases-loaded single. The Tigers got one more run in the second inning, but Scholze settled down from that point on and allowed the Tigers only one hit for the next five innings.

Cook excelled at shortstop for Terra Nova.

Spurgeons Win

One Peninsula team won and two were defeated in the semifinals of the California Father-Son and Family Doubles Tennis tournament at Los Gatos Sunday.

Paul and Cheryl Spurgeon of Burlingame defeated Norman and Diane Brooks of San Mateo in the father-daughter division, 7-5, 6-4.

In the mother-son division, Burlingame's Babe and Erik van Dillen lost to Marge and Jim McManus of Berkeley, 6-4, 6-4.

KING CITY INVITATIONAL

Local Spikes Star in Meet

North Peninsula League track stars fared well in the King City Invitational Saturday.

The Westmoor lightweights took a second place by amassing 17 and a half points in the meet. Pittsburg, with a strong field team took 32 points to win the lightweight title.

Forty teams competed in the varsity and lightweight divisions.

Roy Pinelli put on a one-man show for the Rams by winning the 150-yard dash in 15 flat, taking a second in the 75-yard dash and anchoring the Westmoor team to a tie for second place in the 440-yard relay.

Pinelli tied the meet record and set a new school record with a 7.8 clocking in a 75-yard dash preliminary heat.

Westmoor's Dennis Tracy also set a meet record in the 660 run by grabbing a first in 1:25.7.

The North Peninsula spike stars made an exceptionally strong showing in the varsity distances.

Oceana's Bill Skrivars ran the 880 in 1:58 to turn in one of the best times in Northern California this season. He placed second.

Terra Nova's Dan Vincent wasn' far behind with a 2:00.0 clocking for fourth.

Hillsdale's Ralph Liken set a blistering pace in setting a new meet record in the open mile with a 4:22.8. Terra Nova's Bob Hernandez ran a 4:34 for a fourth place and Ram sophomore Bob Beuckers took a seventh with a 4:39.

Bill Weidemeyer of Terra Nova topped all comers in the lightweight 120-yard-low hurdles with a 13.9.

Jefferson's Jessie Bulatao tied the school record while taking fourth in the same race with a 14.1.

Warriors Down Bearcat Spikes

San Mateo High school's poorest track season in years appeared to be a reality this year as South San Francisco, scoring with unexpected strength in both the dashes and distances races, took a close victory over the Bearcats last week in a non-league meet totally devoid of outstanding marks.

The Bearcats lost their first league dual meet in eight years two weeks ago to Aragon and may suffer more losses before the season ends.

Bulldog Spikes Smash Opposition

By FRED BAER
Times Sports Writer

City College of San Francisco suffered its worst track defeat in eight years Thursday as College of San Mateo dumped both the Rams and new Chabot college at San Mateo High school's track.

It was CSM's only home meet of the season and the Bulldogs didn't disappoint their local following.

They won every running event in rolling up 91½ points to 55½ for CCSF and 5 for Chabot. In dual scoring, CSM smacked San Francisco, 81-41, and Chabot by a Golden Gate conference record, 117-5.

San Francisco was the perennial champion of the old Big Eight conference until San Mateo replaced the Rams last year. CSM just about wrapped up the championship of the GGC with yesterday's twin victory, boosting its record to 5-0. Only a double dual meet with second place Oakland (3-1) and seventh place Diablo Valley (1-2) on April 20 separates San Mateo from the crown.

Three Mateans claimed double victories yesterday, spearheading a host of good performances. Dave Kamrar won the mile in 4:24.0 and came back to battle teammate Jim Huff in the two mile with a 9:26.9 time, best among Northern California junior colleges this year, Huff, reigning Nor-Cal leader at 9:33.2, was second at 9:28.3.

Steve Firenze, C. A. L. sprint champ from Serra, remained undefeated in both short races with 10.1 and 22.0 victories into a slight wind. Bulldog veteran George Smith avenged a 440 loss to San Francisco's Tim Power in last year's Big Eight finals with a 50.1 win while teammate Barry Sheldon edged Power at the tape for second in 50.5. Smith came back to take the low hurdles in 24.7.

Ron Benson lowered his Northern Calif. leading 880 time to 1:54.4 with an easy victory and anchored the Bulldog mile relay to a 3:20.4 clocking. Ted Winfield hit his all time best in winning the high jump at 6-2½ for CSM while teammate Mike Andreason won the pole vault at 13-0.

J.C. Tourney Is Underway

Dick Lotz, one of two scratch players in the field, was the individual favorite when the Western Junior college golf championships began yesterday over four Fresno courses.

Lotz, the California State Amateur champion who heads up College of San Mateo's golf team, figures to get a run for the title from Dave Coker, another scratch player from the College of the Sequoias.

The 72-hole tournament, which is being played over the Belmont Country club, the Fort Washington Country club, the San Joaquin Country club and the University-Sequoia - Sunnyside Country club, will determine an individual and team champion.

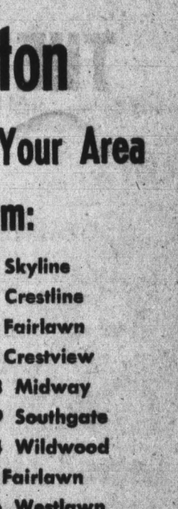

Full team entries include CSM, Sequoias, Fresno City college, American River college, Porterville college, Reedley college, Monterey Peninsula collge, Santa Barbara City collge, Chabot college, Diablo Valley college, Los Angeles Valley college, Santa Ana college and Chaffey college.

Attorneys Negotiate Site Price

Attorneys for Laguna Salada school district and Willow Brook estates are trying to reach an agreement on the sale of five lots for Pedro Valley school site number six.

Frank Piombo of the district attorney's office said last week that the parties were negotiating on a mutually acceptable price for the land, located in the southern end of Linda Mar.

Condemnation proceedings have been filed by the school district in superior court on the Pitto ranch home property and the five Willow Brook lots on Perez drive. Piombo says the Willow Brook developers are asking for $54,750 as just compensation for their lots.

If further efforts to arrive at a price more acceptable to the school district fail, Piombo said the case woull be taken to court to be decided by jury trial, possibly in May or June.

Laguna Salada district has already purchased 42 acres of hillside property from Pletti and Haskins for $80,750. Superintendent Frederick E. Lucas said that the five Willow Brook lots are needed to give the school a front entrance on the street.

Because most of the property being purchased is steep hillside only about ten acres of the eventual school site will be usable for the school building and playground area, Lucas said.

Construction of Cabrillo school in the northwest end of Linda Mar was delayed because of lengthy legal hassling over the value of the land. In that instance, nine different parcels were involved and Laguna Salada district went to court to get a jury decision on three of them.

Two Awarded Eagle Scout Top Ranking

Two boys were awarded the highest rank in scouting when they received eagle awards at a Scout High Court of Honor at Thomas Edison school in Daly City.

Stephen W. Douglas and Steven K. Sale, members of Troop 343, were presented their awards by Harvey Price, scout executive for the San Francisco Council, Boy Scouts of America.

Both boys are students at Benjamin Franklin Junior High school.

Sale is senior patrol leader and Douglas assistant leader. Both are members of the Order of the Arrow.

Price said that "less than two per cent of all boys entering the scouting movement ever attain the eagle rank." He commended both boys.

Other awards given were:

Tenderfoot: Gordon Wright, Paul Marinko and James O'Donnell.

Second class: Gary Bliss, Kenneth Fithian, Ed Davidian, Christopher West, Michael Cronin and Robert Abbott.

First class: Kevin Milton, Dennis Tinsely, Gary Bliss, Fred Sunderland and Allen Aragon.

Star scout: Vern Angulo, Jim Wright and Fred Sunderland.

Scoutmaster Frank Beukers and assistant scoutmaster Kenneth Sale made the presentations.

Sugar 'n' Spice

By Nell Norton

SUNDAY is Easter and by a stroke of good fortune I have a dish that should be just delightful for Easter dinner. I know that the usual dish for Easter is a ham, but why not be different? This is chicken baked with a combination of cheese, ham, mushrooms and pineapple and the result of this blending of flavors is delish. And it does have a little ham in it, which would satisfy the traditionalists.

Mrs. Madeline Cebulla of 353 Lexington street, San Francisco, is the contributor of this recipe and she writes that it is "practically foolproof"—two words that are most encouraging to any cook.

PINEAPPLE CHICKEN

2½ to 3 lbs. frying chicken, cut into pieces
¼ cup flour
1½ teaspoon salt
½ teaspoon pepper
½ teaspoon thyme
Enough butter for browning chicken
½ lb. sharp cheddar cheese, shredded
½ lb. cooked ham, cut into strips
1 can (4 oz.) sliced mushrooms
1 can (14 oz.) pineapple tidbits

Roll pieces of chicken in flower, seasoned with salt, pepper and thyme. Brown in butter, turning to brown on all sides. Transfer to a two-quart casserole or oblong baking dish and sprinkle with the cheese and ham. Add mushrooms and liquid. Drain the pineapple, reserving ¼ cup juice. Add this juice and pineapple to casserole. Cover and bake in a moderate oven about 30 minutes, remove cover and contniue baking 10 minutes longer.

This is a good company dish, for it can stand baking a little longer. But remember to add more juice if necessary.

☆ ☆ ☆

I DOUBLED this recipe and served it for dinner last Sunday and it was praised by all. Instead of rolling my chicken in the flour and seasonings, I simply mixed the flour and seasonings in a clean paper bag and dropped in the pieces of chicken and shook with vigah. Another tip: if you use two chickens, be sure to use a large, large baking pan.

☆ ☆ ☆

A FEW YEARS ago, I found a recipe that turned out cookies that looked like pretty Easter eggs. They are really simple to make and with a surprise in each center. The pastel frosting makes them look like the bunny himself turned them out.

BON BON COOKIES

½ cup soft butter
¾ cup sifted confectioners' sugar
1 tablespoon vanilla
1½ cups sifted flour
⅛ teaspoon salt

Heat oven to 350 degrees. Mix butter, sugar, vanilla. Blend in flour and salt thoroughly with hand. Wrap level tablespoon dough around filling. Bake one inch apart on ungreased baking sheet. Bake 12 to 15 minutes until set—but not brown. Dip tops of warm cookies in icing. Decorate. Makes 20 to 25 cookies.

ICING

1 cup sifted confectioners sugar
2 tablespoons cream
1 teaspoon vanilla
Food coloring

Mix the sugar, cream and vanilla together. Divide into small dishes and use different colors.

FILLING

Wrap a cherry, date, nut, chocolate bits, etc. in the dough. After the cookie is baked, dip in the icing and then top the cookie with coconut, nuts or any colorful topping.

Teens Schedule City-Wide Dance

As a culmination highlight to their first year's activities, the junior high teen clubs, sponsored by the Daly City Recreation Department, are planning the first city-wide junior high dance for Saturday night, May 18.

A perpetual trophy will be awarded to the club which has the best overall showing in the five contest categories—ticket sales, decorations, dance contest, talent show and king and queen contest.

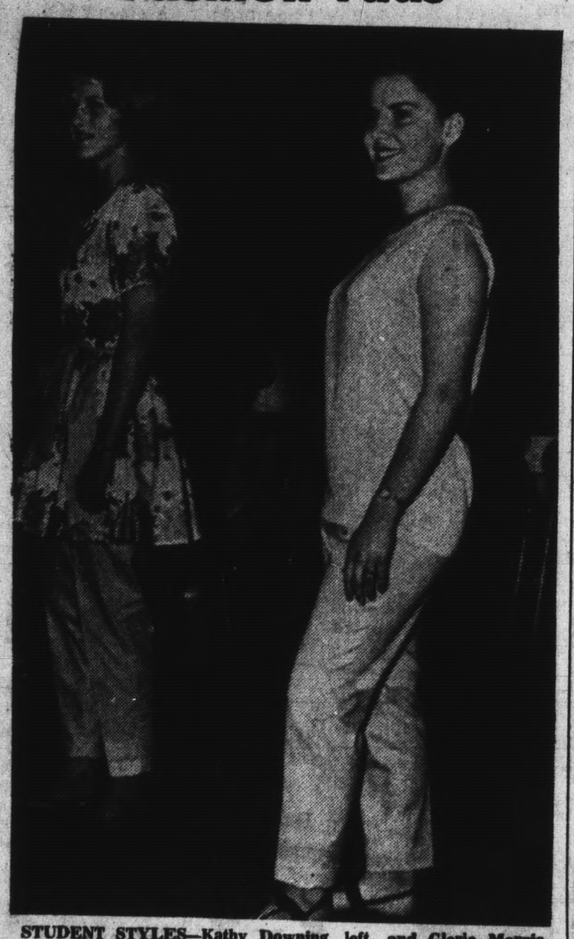

A youth committee representing the six junior high teen clubs is currently planning the dance under the direction of Youth Activities Supervisor Alan Boyd, and club advisers, Bonnie Johnston and Al Owen.

Committee members include—**Casaliers:** Louie Chandler, Alberta Ellis; **Imperials:** Bob Banos and Carolyn Snaith; **Majestics:** Joe Torrez and Suzie Wong; **Roof Raisers:** Chuck Johnston and Gail Land, **Westlake Swingers:** Skip Kazas and Laureen Mecchi, **Telstars:** Milo Wood, Darlene Steward and Judy Rifjberg.

Delegates Attend Foreign Exchange Meeting in S.S.F.

"How Youth Can Promote World Understanding" was the theme of a foreign exchange conference held at South San Francisco High school.

Sponsored by the International Friendship club of the school, the conference included advisers, foreign students, returnees and student representatives from 11 Bay Area high schools.

Delegates were welcomed by IFC president Charlie Soendjasmono of Indonesia and viewed a film after a general meeting.

Small discussion units, with individual meetings for each group of delegates, were held. While advisers discussed their role in the foreign exchange program, student representatives were concerned with promotion and fund-raising.

Exchange students from India Indonesia, the Philippines, Sweden, and Switzerland met to share their difficulties and adjustments in a foreign country.

The returnees were concerned with sharing their experiences with the school and the community.

Lunch in the cafeteria preceded a teenage comedian show and a native Indonesian dance.

Delegates then divided again for discussion groups before a general meeting and reports from each group ended the conference.

Delegates from Westmoor High school American Field Service were Hartley Appleton, Helena Frisell, Evelyn Goodell, Pamela Morgan, Sherry Rosen, Marilynn Wagner and Linda Wallace. Advisers were Mrs. Lois McNabb and Selwyn Jones.

Junior Teens Enter Tourney

Members of the junior high teen clubs sponsored by the Daly City Recreation department have entered the coed volleyball tournament scheduled for Saturday, April 20, in the War Memorial Community center gym. Each of the junior teen clubs will be represented by three teams each with the exception of the Telstars who have entered five teams.

The championship team will be awarded a perpetual trophy and each player will receive a 45 rpm record.

A sock hop dance will follow the championship game. During the dance, the awards will be presented.

Exchange Pupil Talks of Home At Rotary Meet

Stockholm was described as the "Venice of the North" by Swedish exchange student Helena Frisell in a talk to the Daly City Rotary club meeting at the Westlake Bowl last week.

Miss Frisell said her country's capital city is built on a number of islands.

In Swedish schools, she said, students devote all their time to studies. School clubs are absent, she added.

Miss Frisell is attending Westmoor High school as a senior. Her year in this country is sponsored by the American Field Service.

She is the guest of Mr. and Mrs. William Wagner, 78 Northgate avenue, Daly City, and attends school with the Wagners' daughter, Marilyn, also a Westmoor senior.

The Rotary club presented the Swedish student with a small club flag for her to present to the Rotary club in Stockholm.

Mary Jane Putz, a student being considered by AFS for the exchange program, also spoke at the Rotary meeting.

Produce Firm Shifts to S.S.F.

Brice Brothers Inc., San Francisco wholesale and retail fruit and vegetable firm, has completed its move to expanded new headquarters in the $4½-million Golden Gate Produce Terminal in South San Francisco.

One of the firm's biggest customers is Brice Brothers Markets, headed by Brice's brother, Edwin.

The four supermarkets, although located in Marin and Sonoma counties, will still be served more conveniently from South San Francisco, Brice said, because of immediate access to freeways, rail and air transportation.

MOON PHASES

Last Quarter 10:53 April 16
New Moon 12:29 April 23
First Quarter 08:08 April 30

The sun, moon and tide tables show the hours of the day, numbered consecutively from 01:00 (1 a.m.) to 24:00 (midnight) instead of using 12 hours twice, followed by a.m. or p.m. Noon is 12:00, 1 p.m. is 13:00. This is the practice followed by the army, navy and all government tide tables and almanacs.

Times and heights of tides at San Mateo Bridge, California. Furnished by Marine Exchange, Inc., from Coast and Geodetic Survey Data. Half Moon Bay tide 2 hours and 10 minutes earlier.

The columns at heights give the elevation of each tide above or below the level of Coast Survey chart surroundings. The numbers are always additive to the chart depths unless preceded by a minus sign or dash (-) when the numbers are subtracted from the depths given by the chart (U. S. Coast and Geodetic Survey).
